Children's Health Climate Brochure Text.docx
protect children brochure 2010.pdf

Jim, please have a look and provide comments. Isabel will follow-up to let you know by when comments are needed.

Thank you! Rona

Hi Rona,

Has CSIB reviewed the attached word doc yet? OCHP is updating a 2010 brochure (see attached pdf), and they're proposing to use the text in the word doc as an insert. I had originally pointed them to the "Climate Change and the Health of Children" fact sheet on our site, but it looks like this doc was already in the works. Josh is standing by for comments if you have them. If you've already reviewed, let me know.

Thanks,

Isabel

Re: climate change piece that you mentioned, I heard from OCHP that they plan to include the attached as an insert into the brochure. If you see any major issues w/ it, please let me know.

The Office of Children's Health Protection produced the attached brochure in 2010.

They would like to reprint it, but first want to make sure the info is still correct. You'll see it's not that long – about 10 pages of text (and note pp 14-15 are repeats) – so probably safest if each office reviews the whole thing.

Given it's a pdf, please print, make edits on hard copy, and then pdf and send back to me (or hand deliver if that's easier). Or if you want to rewrite an entire section, please send the new text in an email and note clearly which text you want to replace.

Comments by COB next Wed 12/7 would be great.

Josh
